</table>

**Manufacture**

- **Company Name**: Mimaki Engineering Co., Ltd.
- **Address**: 2182-3 Shigeno-otsu, Tomi-shi, Nagano 389-0512 JAPAN
- **Telephone No.**: +81-268-64-2413

**Importer / Distributor Established in USA**

- **Company Name**: MIMAKI USA, INC.
- **Address**: 150 Satellite Boulevard NE, suite A, Suwanee, Georgia 30024, U.S.A.
- **Telephone No.**: +1-678-730-0170
- **Emergency Telephone No.**: +1 866 928 0789 (within United States only, Toll free)  
  +1 215 207 0061

## 2. Hazards Identification

[HCS Classification]

**Physical Hazards**

- **Flammable Liquids**: Not classified

**Health Hazards**

- **Acute Toxicity – Oral**: Category 4
- **Skin Corrosion / Irritation**: Category 2
- **Eye Damage / Irritation**: Category 1
- **Sensitization – Skin**: Category 1A
- **Toxic to Reproduction**: Category 1B
- **Specific Target Organ Toxicity**
  - (Repeated Exposure): Category 1 (Liver, respiratory tract)

**Environmental Hazards**

- **Hazardous to the Aquatic**: Category 2
- **Environment · Acute Hazard**
Safety Data Sheets

Product Name: UV ink LUS-120 Light Cyan
SDS No. 037-U111380
First issue: 2016/04/05
Revised: 2020/01/07

Hazardous to the Aquatic Environment - Long Term Hazard

The above list does not include category being non-classifiable or not-applicable.

[GHS Label Elements]
Symbol

Signal Word
Danger

Hazard Statements
H302 Harmful if swallowed.
H315 Causes skin irritation
H318 Cause serious eye damage
H317 May cause an allergic skin reaction
H360 May damage fertility or the unborn child
H372 Causes damage to organs through prolonged or repeated exposure
   (Liver, respiratory tract)
H411 Toxic to aquatic life with long lasting effects

Precautionary Statements
[Prevention]
P201 Obtain SDS (Safety Data Sheet) and printer's manual instructions before use.
P202 Do not handle until all safety precautions have been read and understood.
P260 Do not breathe gas/mist.
P264 Wash hands and eyes thoroughly after handling.
P270 Do not eat, drink or smoke when using this product.
P272 Contaminated work clothing should not be allowed out of the workplace.
P280 Wear protective gloves/protective clothing/eye protection/face protection.
P273 Avoid release to the environment.

[Response]
P301+P312 IF SWALLOWED: Call a POISON CENTER or doctor/physician if you feel unwell.
(P301)+P330 (IF SWALLOWED):Rinse mouth.
P302+P352 IF ON SKIN: Wash with plenty of soap and water.
P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
(P305)+P310 (IF IN EYES): Immediately call a POISON CENTER or doctor/physician.
P308+P313 IF exposed or concerned: Get medical advice/attention.
P314 Get medical advice/attention if you feel unwell.
P333+P313 If skin irritation or rash occurs: Get medical advice/attention.
P362+P364 Take off contaminated clothing and wash before reuse.
P391 Collect spillage.

[Storage]
P405 Store locked up.

[Disposal]
P501 Dispose of contents/container in accordance with
local/regional/national/international regulation (to be specified).

[Other Information]
Hazards not otherwise classified (HNOC)
Not Applicable

Unknown Acute Toxicity
1.0 % of the mixture consists of ingredient(s) of unknown acute oral toxicity
26.8 % of the mixture consists of ingredient(s) of unknown acute dermal toxicity
100 % of the mixture consists of ingredient(s) of unknown acute inhalation toxicity (vapor)
100 % of the mixture consists of ingredient(s) of unknown acute inhalation toxicity (dust/mist)

4. First Aid Measures

[First aid measures]

General advice: Show this safety data sheet to the doctor in attendance. Do not delay care and transport of a seriously injured person. IF exposed or concerned: Get medical advice/attention.

Inhalation: Move victim to fresh air. Get medical attention.

Eye Contact: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get immediate medical advice/attention. Immediately call a POISON CENTER or doctor/physician.

Skin Contact: Wash off immediately with soap and plenty of water while removing all contaminated clothes and shoes. Get immediate medical advice/attention.

Ingestion: Rinse mouth thoroughly with water. Never give anything by mouth to an unconscious person. If vomiting occurs spontaneously, keep head below hips to prevent aspiration. Get medical advice/attention.

Self-protection of the first aider: Wear personal protective clothing (see section 8). Do not use mouth-to-mouth method if victim ingested or inhaled the substance; give artificial respiration with the aid of a pocket mask equipped with a one-way valve or other proper respiratory medical device.

[Most important symptoms and effects, both acute and delayed]

Symptoms: Prolonged contact may cause redness and irritation. May cause blindness. Coughing and/or wheezing. Hives. Itching. May cause allergy or asthma symptoms or breathing difficulties if inhaled. Rashes.

[Indication of any immediate medical attention and special treatment needed]

Note To Physician: May cause sensitization of susceptible persons.

5. Fire Fighting Measures

Flammable Properties: Flash point: 95°C/203°F

Extinguishing Media: Use CO2, dry chemical, or foam. Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

Unsuitable Extinguishing Media: Do not use a solid water stream as it may scatter and spread fire.
Specific hazards arising from the chemical: Risk of ignition. The product causes irritation of eyes, skin and mucous membranes. Thermal decomposition can lead to release of irritating and toxic gases and vapors. Product is or contains a sensitizer. The product causes burns of eyes, skin and mucous membranes.

Explosion data: Sensitivity to Mechanical Impact: None.
Sensitivity to Static Discharge: Yes.

Protective equipment and precautions for firefighters: Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear. Use personal protection equipment.

6. Accidental Release Measures

[Personal precautions, protective equipment and emergency procedures]

Personal Precautions: Evacuate personnel to safe areas. Ensure adequate ventilation, especially in confined areas. Keep people away from and upwind of spill/leak. Use personal protection recommended in Section 8. Avoid contact with skin, eyes or clothing.

Other Information: Refer to protective measures listed in Sections 7 and 8.

[For emergency responders]

: Use personal protection recommended in Section 8.

[Environmental precautions]

Environmental precautions: Prevent entry into waterways, sewers, basements or confined areas.

[Methods and material for containment and cleaning up]

Methods for containment: Prevent further leakage or spillage if safe to do so. Cover with plastic sheet to prevent spreading. Absorb or cover with dry earth, sand or other non-combustible material and transfer to containers.

Methods for cleaning up: Use personal protective equipment as required. Clean contaminated surface thoroughly. Pick up and transfer to properly labeled containers. Take up with sand or other non-combustible absorbent material and place into containers for later disposal.

Prevention of secondary hazards: Local authorities should be advised if significant spillages cannot be contained.

7. Handling and Storage

[Precautions for safe handling]
Safety Data Sheets

Advice on safe handling: Handle in accordance with good industrial hygiene and safety practice. Use personal protective equipment as required. Ensure adequate ventilation, especially in confined areas. Do not eat, drink or smoke when using this product.

[Conditions for safe storage, including any incompatibilities]
Incompatible materials: Strong oxidizing agents. Finely powdered metals.

8. Exposure Controls / Personal Protection

[Control parameters]
Exposure Limit Values

</tr>
</tbody>
</table>

Caprolactam is non-intentionally added substance, contains less than 1% in the product.

[Appropriate engineering controls]
Engineering Controls: Showers Eyewash stations Ventilation systems.

[Individual protection measures, such as personal protective equipment]
Respiratory Protection: Vapor mask.
Glove: Impervious gloves.

Recommendations
Eye /Face Protection: Face protection shield. Tight sealing safety goggles.

Skin Protection: Rubber boots. Long sleeved clothing. Impervious clothing. Chemical resistant apron.

General Hygiene Considerations: Regular cleaning of equipment, work area and clothing is recommended. Do not eat, drink or smoke when using this product. Wash hands before breaks and immediately after handling the product. Take off contaminated clothing and wash before reuse. Contaminated work clothing should not be allowed out of the workplace. Avoid breathing dust/fume/gas/mist/vapors/spray.

Specific gravity : 1.0-1.1
Solubility(ies) : Immiscible in water
Partition coefficient : No data available
Autoignition temperature : No data available
Decomposition temperature : No data available
Kinematic viscosity : No data available
Dynamic viscosity : 7-12 mPa·s(25 deg.C)

[Other Information]
Molecular weight : No data available
Explosive properties : No data available
Oxidizing properties : No data available
Softening point : No data available
VOC Content (%) : No data available
Density : No data available
Bulk density : No data available

10. Stability and Reactivity

Reactivity : No information available.
Chemical Stability : Stable under the normal storage and use.
Possibility of Hazardous Reactions : No information available.

Hazardous polymerization : None under normal processing.
Conditions to Avoid : Heat, flames and sparks.
Hazardous Decomposition : None known based on information supplied.

11. Toxicological Information

[Information on likely routes of exposure]

[Product Information]
Inhalation : Irritating to respiratory system.
Eye contact : Irritating to eyes Causes serious eye damage May cause irreversible damage to eyes.
Skin Contact : Harmful in contact with skin Causes skin irritation Repeated or prolonged skin contact may cause allergic reactions with susceptible
Ingestion:
Harmful if swallowed. Ingestion may cause irritation to mucous membranes. May be harmful if swallowed and enters airways.

Symptoms:

Numerical measures of toxicity:

### In Vitro Acute Dermal Corrosivity Study Episkin test
GLP OECD TG431. In this in vitro EPISKIN model test with similar product, the result indicates that the product is non-corrosive to the skin.

Skin irritation:
Classification is based on mixture calculation methods based on component data. Irritating to skin.

Serious eye damage/eye irritation:
Classification is based on mixture calculation methods based on component data. Risk of serious damage to eyes.

Respiratory or skin sensitization:
Classification is based on mixture calculation methods based on component data. May cause sensitization by skin contact. May cause sensitization in susceptible persons.

Germ cell mutagenicity:
Classification is based on mixture calculation methods based on component data. Based on available data, the classification criteria are not met.

Carcinogenicity:
Classification is based on mixture calculation methods based on...
Reproductive toxicity: Classification is based on mixture calculation methods based on component data. Contains material that may cause adverse reproductive effects.

STOT - single exposure: Classification is based on mixture calculation methods based on component data. Based on available data, the classification criteria are not met.

STOT - repeated exposure: Classification is based on mixture calculation methods based on component data. Causes damage to organs through prolonged or repeated exposure.

Aspiration hazard: Classification is based on mixture calculation methods based on component data. Based on available data, the classification criteria are not met.

12. Ecological Information

Handling is noted because it might influence the environment when leaking and abandoning it. Especially, note that the product doesn’t flow directly to ground, the river, and the drain ditch.

Ecotoxicity: Toxic to aquatic life. Toxic to aquatic life with long lasting effects.

<table>
<thead>
<tr>

</tr>
</tbody>
</table>

Caprolactam is a non-intentionally added substance, contains less than 1% in the product.

Persistence and degradability: No data available.
Bioaccumulation : No data available.
Mobility : No data available.
Other adverse effects : No data available.

13. Disposal Considerations

[Waste treatment methods]

Disposal Methods : Comply with all USA, national and local regulations.
Do not dump this product into sewers, on the ground or into any body of water.

Disposal of wastes : Disposal should be in accordance with applicable regional, national and local laws and regulations.

Contaminated packaging : Disposal should be in accordance with applicable regional, national and local laws and regulations. Improper disposal or reuse of this container may be dangerous and illegal.
