

SDS No. 037-W350454 First issue: 2015/03/24

Revised: 2019/10/29

Safety Data Sheets

Identification

Product Name : Latex ink LX101 Black

Order No. : LX101-K-60

Ink Ver.

General Use : Ink for ink jet printer

Product Description : Aqueous ink : 037-W350454 SDS Number

Manufacture

Company Name : Mimaki Engineering Co., Ltd.

Address : 2182-3 Shigeno-otsu, Tomi-shi, Nagano 389-0512 JAPAN

Telephone No. : +81-268-64-2413

Importer / Distributor Established in USA

Company Name : MIMAKI USA, INC.

Address : 150 Satellite Boulevard, suite A, Suwanee, Georgia 30024, U.S.A.

Telephone No. : +1-678-730-0170

Emergency Telephone No. : +1 866 928 0789 (within United States only, Toll free)

+1 215 207 0061

2. Hazards Identification

[GHS Classification]

Physical Hazards

Flammable Liquids : Not classified

Health Hazards

Skin Corrosion / Irritation : Category 2 Eye Damage / Irritation : Category 2A Carcinogenicity : Category 2

Specific Target Organ Toxicity : Category 3 (Respiratory tract irritation)

(Single Exposure)

Specific Target Organ Toxicity : Category 2

(Repeated Exposure)

The above list does not include category being non-classifiable or not-applicable.

[GHS Label Elements]

SDS No. 037-W350454 First issue: 2015/03/24 Revised: 2019/10/29

Safety Data Sheets

Symbol

Signal Word Warning

Hazard Statements

H315 Cause skin irritation

H319 Causes serious eye irritation

H335 May cause respiratory irritation.

H351 Suspected of causing cancer

H373 May cause damage to organs through prolonged or repeated exposure

Precautionary Statements

[Prevention]

P201 Obtain SDS (Safety Data Sheet) and printer's Operation Manual before use.

P202 Do not handle until all safety precautions have been read and understood.

P260 Do not breathe gas/mist.

P264 Wash hands thoroughly after handling.

P271 Use only outdoors or in a well-ventilated area.

P280 Wear protective gloves/protective clothing/eye protection/face protection.

[Response]

P302+P352 IF ON SKIN: Wash with plenty of soap and water.

P304+P340 IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing.

P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

P308+P313 IF exposed or concerned: Get medical advice/attention.

P312 Call a POISON CENTER or doctor/physician if you feel unwell.

P332+P313 If skin irritation occurs: Get medical advice/attention.

P337+P313 If eye irritation persists: Get medical advice/attention.

P362+P364 Take off contaminated clothing and wash before reuse.

[Storage]

P403+P233 Store in a well-ventilated place. Keep container tightly closed.

P405 Store locked up.

[Disposal]

P501 Dispose of contents/container in accordance with local/regional/national/international regulation (to be specified).

NFPA Rating (scale 0-4)

Health = 2

Flammability = 0

Instability = 3

2	Alcohol solvent series	28-32	Trade secret
3	carbon black	1-5	1333-86-4
4	Organic ingredient	1-5	Trade secret
5	methyldiethanolamine	0.1-0.5	105-59-9

4. First Aid Measures

Description of first aid measures

Eye Contact : If this product comes in contact with the eyes:

Wash out immediately with fresh running water.

Ensure complete irrigation of the eye by keeping eyelids apart and away from eye and moving the eyelids by occasionally lifting the

upper and lower lids.

Seek medical attention without delay; if pain persists or recurs seek

medical attention.

Removal of contact lenses after an eye injury should only be

undertaken by skilled personnel.

Skin Contact : If skin contact occurs:

> Immediately remove all contaminated clothing, including footwear. Flush skin and hair with running water (and soap if available).

Seek medical attention in event of irritation.

Inhalation : If fumes or combustion products are inhaled remove from

contaminated area.

Lay patient down. Keep warm and rested.

Prostheses such as false teeth, which may block airway, should be removed, where possible, prior to initiating first aid procedures. Apply artificial respiration if not breathing, preferably with a demand valve resuscitator, bag-valve mask device, or pocket mask

as trained. Perform CPR if necessary.

Transport to hospital, or doctor, without delay.

Ingestion : If swallowed do NOT induce vomiting.

> If vomiting occurs, lean patient forward or place on left side (head-down position, if possible) to maintain open airway and

SDS No. 037-W350454 First issue: 2015/03/24 Revised: 2019/10/29

prevent aspiration.

Observe the patient carefully.

Never give liquid to a person showing signs of being sleepy or with

reduced awareness; i.e. becoming unconscious.

Give water to rinse out mouth, then provide liquid slowly and as

much as casualty can comfortably drink.

Seek medical advice.

Most important symptoms and effects, both acute and delayed

See Section 11.

5. Fire Fighting Measures

Extinguishing Media : Alcohol stable foam. Dry chemical powder. BCF (where regulations

permit). Carbon dioxide. Water spray or fog - Large fires only.

Special hazards arising from the substrate or mixture

Fire Incompatibility : Avoid contamination with oxidising agents i.e. nitrates, oxidising

acids, chlorine bleaches, pool chlorine etc. as ignition may result

Special protective equipment and precautions for fire-fighters

Fire Fighting : Alert Fire Brigade and tell them location and nature of hazard.

Wear full body protective clothing with breathing apparatus.

Prevent, by any means available, spillage from entering drains or

water course.

Use water delivered as a fine spray to control fire and cool adjacent

area.

Avoid spraying water onto liquid pools.

DO NOT approach containers suspected to be hot.

Cool fire exposed containers with water spray from a protected

location.

If safe to do so, remove containers from path of fire.

Fire/Explosion Hazard Slight fire hazard when exposed to heat or flame.

Heating may cause expansion or decomposition leading to violent

rupture of containers.

On combustion, may emit toxic fumes of carbon monoxide (CO).

May emit acrid smoke.

Mists containing combustible materials may be explosive.

Combustion products include:

SDS No. 037-W350454 First issue: 2015/03/24 Revised: 2019/10/29

Safety Data Sheets

carbon dioxide (CO2)

other pyrolysis products typical of burning organic material.

May emit poisonous fumes. May emit corrosive fumes.

6. Accidental Release Measures

Personal precautions, protective equipment and emergency procedures

See section 8.

Environmental precautions

See section 12.

Methods and material for containment and cleaning up

Minor Spills : Slippery when spilt.

Remove all ignition sources.

Clean up all spills immediately.

Avoid breathing vapours and contact with skin and eyes.

Control personal contact with the substance, by using protective

equipment.

Contain and absorb spill with sand, earth, inert material or

vermiculite.

Wipe up.

Place in a suitable, labelled container for waste disposal.

Major Spills : Slippery when spilt.

Moderate hazard.

Clear area of personnel and move upwind.

Alert Fire Brigade and tell them location and nature of hazard.

Wear breathing apparatus plus protective gloves.

Prevent, by any means available, spillage from entering drains or

water course.

No smoking, naked lights or ignition sources.

Increase ventilation.

Stop leak if safe to do so.

Contain spill with sand, earth or vermiculite.

Collect recoverable product into labelled containers for recycling.

Absorb remaining product with sand, earth or vermiculite.

Collect solid residues and seal in labelled drums for disposal.

Wash area and prevent runoff into drains.

SDS No. 037-W350454 First issue: 2015/03/24 Revised: 2019/10/29

If contamination of drains or waterways occurs, advise emergency services.

Personal Protective Equipment advice is contained in Section 8 of the SDS.

7. Handling and Storage

Precautions for Safe : Avoid all personal contact, including inhalation.

Handling Wear protective clothing when risk of exposure occurs.

Use in a well-ventilated area.

Prevent concentration in hollows and sumps.

DO NOT enter confined spaces until atmosphere has been checked.

DO NOT allow material to contact humans, exposed food or food

utensils.

Avoid contact with incompatible materials.

When handling, DO NOT eat, drink or smoke.

Keep containers securely sealed when not in use.

Avoid physical damage to containers.

Always wash hands with soap and water after handling.

Work clothes should be laundered separately. Launder contaminated

clothing before re-use.

Use good occupational work practice.

Observe manufacturer's storage and handling recommendations

contained within this SDS.

Atmosphere should be regularly checked against established exposure standards to ensure safe working conditions are

maintained.

DO NOT allow clothing wet with material to stay in contact with skin

Conditions for Safe

: Store in original containers.

Storage, including any

Keep containers securely sealed.

Incompatibilities

No smoking, naked lights or ignition sources.

Store in a cool, dry, well-ventilated area.

Store away from incompatible materials and foodstuff containers.

Protect containers against physical damage and check regularly for

leaks.

Observe manufacturer's storage and handling recommendations

contained within this SDS.

SDS No. 037-W350454 First issue: 2015/03/24 Revised: 2019/10/29

Are incompatible with strong acids, acid chlorides, acid anhydrides, oxidising and reducing agents.

8. Exposure Controls / Personal Protection

carbon black	1,750 mg/m3	Not Available
Organic ingredient	Not Available	Not Available
methyldiethanolamine	Not Available	Not Available

Exposure Controls

Occupational Exposure Controls

Appropriate : Local exhaust ventilation usually required. If risk of overexposure

exists, wear approved respirator.

Appropriate
Engineering Controls

Correct fit is essential to obtain adequate protection. Supplied-air type respirator may be required in special circumstances. Correct fit

is essential to ensure adequate protection.

An approved self contained breathing apparatus (SCBA) may be

required in some situations.

SDS No. 037-W350454 First issue: 2015/03/24

Revised: 2019/10/29

Safety Data Sheets

Provide adequate ventilation in warehouse or closed storage area.

Personal Protection

Respiratory : Consult with a health and safety professional for specific respirators

Protection appropriate for your use.

Vapor Respirator

Hand Protection : Wear chemical protective gloves, e.g. PVC.

Gloves

Eye Protection : Safety glasses with side shields.

Chemical goggles.

Contact lenses may pose a special hazard; soft contact lenses may

absorb and concentrate irritants.

: Wear appropriate chemical resistant clothing. Skin Protection

Wear safety footwear or safety gumboots, e.g. Rubber

Physical and Chemical Properties

- Physical State : Liquid Appearance

> - Color : Black

Odor : Slight

pН : 9.3-10.3

Boiling Point / Boiling Range : Not available : Not available Melting Point / Melting Range **Decomposition Temperature** : Not available

: Not flammable Flash Point

Auto ignition temperature : Not available

Flammability (Solid, Gas) : Not applicable

: Not available **Explosive Properties**

: Not available Oxidizing Properties

Upper / Lower Flammability or : Not available

Vapor Pressure

Evaporation Rate

Specific Gravity : 1.02 - 1.04

Solubility : Not available Water Solubility : Not available Partition Coefficient (n-octanol / Water) : Not available : Not available Viscosity Vapor Density : Not available

VOC : Not available

10. Stability and Reactivity

Reactivity : No reactivity hazard is expected.

Chemical Stability : Unstable in the presence of incompatible materials.

Product is considered stable.

Possibility of Hazardous : Hazardous polymerisation will not occur.

Reactions

Conditions to Avoid : Avoid flames, sparks, and other sources of ignition. Avoid contact

with incompatible materials.

Incompatible Materials : Strong acids, acid chlorides, acid anhydrides, oxidising and reducing

: Not available

agents.

: See section 5 Hazardous

Decomposition

11. Toxicological Information

Acute Toxicity : methyldiethanolamine

Component Analysis -Dermal (rabbit) LD50: 10244 mg/kg

LD50/LC50 Oral (rat) LD50: 1945 mg/kg

carbon black

Dermal (rabbit) LD50: >3000 mg/kg

Oral (rat) LD50: >10000 mg/kg

Information on Likely Routes of Exposure

Inhalation : Respiratory tract irritation

: no information on significant adverse effects Ingestion

Skin Contact : irritation

SDS No. 037-W350454 First issue: 2015/03/24 Revised: 2019/10/29

Safety Data Sheets

Eye Contact : irritation

Immediate Effects : Skin irritation, eye irritation

Delayed Effects : Cancer, Respiratory tract irritation

Medical Conditions : No information available for the product.

Aggravated by Exposure

Irritation/Corrosivity : Skin irritation, eye irritation

Data

Respiratory : No information available for the product.

Sensitization

Dermal Sensitization : No information available for the product.

Germ Cell Mutagenicity : No information available for the product.

Carcinogenicity : Carbon black (CAS No.1333-86-4)

This substance has been classified by the IARC as Group 2B: Possibly

Carcinogenic to Humans.

Reproductive Toxicity : No information available for the product.

Specific Target Organ : Respiratory tract irritation.

Toxicity - Single

Exposure

Specific Target Organ : Respiratory organ

Toxicity - Repeated

Exposure

Aspiration Hazard : Not expected to be an aspiration hazard.

12. Ecological Information

Handling is noted because it might influence the environment when leaking and abandoning it.

Especially, note that the product doesn't flow directly to ground, the river, and the drain ditch.

Ecotoxicity

Product: Not classified

Component Analysis - Aquatic Toxicity

Methyldiethanolamine

ENDPOINT	TEST	SPECIES	VALUE	SOURCE
	DURATION (HR)			
LC50	96	Fish	320mg/L	1

SOURCE: Extracted from 1. IUCLID Toxicity Data

Persistence and : No information available for the product.

Degradability

Bioaccumulation : No information available for the product. Mobility : No information available for the product. Other Toxicity : No information available for the product.

13. Disposal Considerations

: Comply with all USA, national and local regulations.

Do not dump this product into sewers, on the ground or into any body

of water.

Disposal Methods : Dispose in accordance with all applicable regulations.

Component Waste : The U.S. EPA has not published waste numbers for this product's

Numbers components.

Disposal of : Empty containers may contain product residue. Dispose in

Contaminated accordance with all applicable regulations.

Packaging

14. Transport Information

Check a thing without a leak in a container.

Perform prevention of collapse of cargo surely.

: NOT REGULATED FOR TRANSPORT OF DANGEROUS GOODS Land transport (DOT)

: NOT REGULATED FOR TRANSPORT OF DANGEROUS GOODS Air transport

(ICAO-IATA / DGR)

: NOT REGULATED FOR TRANSPORT OF DANGEROUS GOODS Sea transport

(IMDG-Code / GGVSee)

SDS No. 037-W350454 First issue: 2015/03/24

Revised: 2019/10/29

Safety Data Sheets

Transport in bulk : Not Applicable

according to Annex II of MARPOL and the IBC

code

Marine Pollutant : NO

15. Regulatory Information
