# Please prepare before use.

Before printing, the preparation for the printer and the software RIP [RasterLink] is required.

#### About system configuration. (Refer to P. 3)

The explanation of the system configuration to print is described.

#### Prepare the printer. (Refer to P. 4)

This section explains how to prepare the printer.

- Connecting a PC installed RasterLink to the printer.
- Adjusting the head height.
- Set the media.
- Test print
- Feed rate corrction (Media correction)
- Ink drop position correction (Dot position correction)

#### Prepare the Mimaki Driver. (Refer to P. 5)

Install Mimaki Driver.

#### Prepare the RasterLink. (Refer to P. 5)

The preparation of RasterLink is explained. For the installation method, refer to the "Installation Guide" of the RasterLink.

# The printing method using a sample is explained.

For JV300 series: Prepare any image data, or sample images on the attached CD. For JV300 Plus series: Prepare any image data.

Perform printing. (Refer to P. 7)

Download the profile suitable for the using condition. (Refer to P. 9)

# Frequently asked questions.

Typical questions. (Refer to P. 11)

### Preparation before use.

#### About system configuration.

Instruct to print the printing data created with the application such as Illustrator or Photoshop etc. from the PC in which the RasterLink has been installed.

Following the procedures below, prepare the printer.

## **Set the media.**

- This machine can use roll media and leaf media.
- For details, refer to Chapter 2 "Set Media" of the printer "Operation Manual".

#### Perform a test printing.

- Check if discharging defect such as nozzle clogging exists or not.
- For details, refer to Chapter 2 "Test Printing" of the printer "Operation Manual".

#### **6**\_ Perform a media correction.

- Correct the feeding rate of media.
- For details, refer to Chapter 2 "Setting of Media Correction" of the printer "Operation Manual".

#### Perform a drop position correction.

- Correct the ink drop position.
- For details, refer to Chapter 2 "If the Positions of Dots Shift..." of the printer "Operation Manual".

#### Check if the Mimaki Driver is installed.

- For the installation, refer to "Installation Guide" of the Mimaki Driver.
- The Mimaki driver installation guide can be found in the Mimaki driver installer.
- About the name of the installer For the included Driver software CD: mkcdmenu.exe When downloaded from our website: mkdriver\_v\*\*\*.exe ("\*\*\*" is the version number)

#### Prepare the RasterLink.

Check that the RasterLink is prepared.

#### Check the installation status of RasterLink.

- If it is installed, the icon of the RasterLink displayed on the PC desktop.
- For the installation, refer to "Installation Guide" of the RasterLink.

#### Check the connection with the printer.

- Make sure the printer is turned on.
- Check that the printer is connected to the PC on which RasterLink is installed.

# **3** Double-click the icon to start the RasterLink.

• [Printer Management] is displayed.

#### **A** Register the printer.

- If the printer has already been registered, this operation can be skipped. Proceed to "**Perform printing.**".
  - (1) Click [Add] in the [Printer Management] window.

(2) Set the printer information.

(This section describes the settings when the JV300 is connected. Set the printer information in the following order:)

- Model : JV300
- Color : Select depending on the device.
- Output Port : USB2.0
- Available Printers : Select JV300 \*\*\*\*\*
- Printer Name : Enter the JV300

- The Hot folder of the name entered here is automatically created.
  - For an ink set, the information retrieved from the printer is displayed.
- (3) Click [OK].
  - The confirmation screen is displayed. Clicking [OK] starts the registration of the printer.

### Perform printing.

Here, an example using the image "sample.eps" is explained.

(mportant!) • Check P. 3 to P. 5 "Preparation before use." without fail before creating a seal/a sticker.

#### Select [File] - [Open] from the menu.

• The [Select file name to print] dialog is displayed.

#### About sample images

- For JV300 series
  - Prepare any image data, or use the sample images on the instruction manual CD. (1) Set the CD of the printer "Operation Manual" into the disk drive.
    - (2) Double-click on the "\English\PrintGuide and SampleData" folder.
      - Sample data is displayed.
- For JV300 Plus series Prepare any image data.

#### Select the file to be printed, and click [Open].

- From here, the procedure when the JV300 is connected is explained.
- If more than one printer is registered, select "JV300" from [Printer Name].
- For details on the favorites setting, refer to "Reference Guide" of the RasterLink.
- The file is loaded. The loaded file is displayed on the [JV300] tab in the main window.

(2) Click [Finish].

掌

- The profile is installed when RasterLink is started next. Refer to "Installation Guide" of the RasterLink for details.
- You can also download the profile from our website. (https://mimaki.com/)

#### Typical questions.

The answers to the questions/ the troubles frequently asked by the customer are provided.

#### About errors.

#### "Replace a Wiper" appears on the display.

Time for replacement of the wiper has come. Replace the wiper by following the procedures in Chapter 4 "Replacing the wiper" of the printer "Operation Manual".

#### "Waste ink full" appears on the display.

The waste ink tank will soon be full. Replace the waste ink tank by following the procedures in Chapter4 "If a Waste Ink Tank Confirmation Message Appears" of the printer "Operation Manual".

#### Supplied items.

Purchase them in a distributor in your district or our office. For a list of supplies, refer to "Supplies" of the printer "Requests for Care and Maintenance".
